

## Bio

Eylem Senyuz  
Director, Global Macro Strategist  
SunTrust Advisory Services, Inc. – Investment Advisory Group

As SunTrust Advisory Services, Inc.'s Director, Global Macro Strategist and Senior Vice President, Eylem Senyuz is responsible for analyzing global economies and financial markets as well as helping formulate and communicate investment strategy. As a member of the Portfolio & Market Strategy Group, he helps to develop strategic and tactical asset allocation strategies that drive the management of approximately \$50 billion of private and institutional client relationships.

Prior to his current role, he was a member of the Global Fixed Income Investment Management team at T. Rowe Price. Before that, he worked as Head of Trading & Investment Manager at Ashmore Equities Investment Management, managing a team trading global equities, related foreign exchange and derivative transactions. He was a member of the firm's Investment Committee and helped managed about \$2 billion, serving as the investment manager overseeing the group's tactical portfolio investing in emerging market ETFs and listed equities. He began his career at Charles River, where he designed investment management applications and quantitative tools for asset liability management, hedging and investment strategy.

Eylem earned his Master of Finance degree at the Bentley University in Waltham, MA. He completed his undergraduate degree at the Bosphorus University in Istanbul, Turkey. Eylem is an Adjunct Faculty member at Georgetown University, where he teaches a graduate level finance course covering investments in Emerging Markets. He and his wife May Ozge have two children.
